

Code

Black

Smart lock with code panel and key tag reader (RFID). The code panel lights up for easy visibility.

Compatible with both right- and left-hinged doors using the Scandinavian standard for front doors. It features a built-in RFID reader for key tags and includes emergency keys for backup. App control of the lock using an existing compatible smart home system, requires our **Connect Module** (sold separately). App control using the **nimly connect** application requires both our **Connect Module** and **Connect Gateway** (sold separately).

Smart home compatible

*Connect Module sold separately
